Dear Lou:

Enclosed is a copy of our letter to Mr. Frank S. Katzenbach, III, dated 5 August 1954, which sums up our position. When you wrote us that you had withdrawn your case from Mr. Katzenbach, I assumed that you had received this letter from him along with other papers and so had not sent you a copy earlier.

At the moment I have nothing to add to this position and consequently see no purpose in sending any Agency representatives to Philadelphia. If there are any questions you wish to ask after reading the letter or if you wish to come down here to see any of us, we will try to clear up any further points you may have.

Very truly yours,

A handwritten signature, likely of Lawrence R. Houston, consisting of stylized initials.
